

Hotel & Catering

The hospitality industry is one that requires its suppliers to understand fully the demands placed upon it by its own customers.

Simply LPG understand that whether it be a hotel, restaurant or village pub the requirement for a safe and reliable supply of LPG / BIOLPG is a must.

Use a reliable and cost effective LPG / BIOLPG supply to provide central heating, hot water, cooking, and real flame effect fires for your valued guests enjoyment and see how much they appreciate it in repeat visit business.

Simply LPG offer personalised customer service, reliability, and a high level of health and safety as standard, while combining year round low cost prices that genuinely reflect the market.

We can provide technical advice on any type of LPG installation and offer a free site survey to establish your full on-site requirements.

We offer the full range of LPG vessels manufactured by the market leaders. All the LPG vessels and equipment provided are ordered specifically to match your requirements.

LP Gas supplies can be ordered on an "On Demand" basis or by our ever popular "Top-Up" delivery service which takes the worry of ever running out of gas out of your hands, and allows you to get on with running your business. We can even install an automatic telemetry tank monitoring system where required.
